

## Job Announcement: Summer Internship

### **Position Summary:**

As RSF Social Finance's Summer Intern, you will work on a combination of the following high priority projects:

- **Integrated capital investing:** utilize a mix of debt, equity, guarantees, and grants to support the growth and impact of social enterprises. Gain direct experience supporting due diligence, structuring, and deploying capital that best suits the needs of entrepreneurs with long term success in mind.
- **Strategy & Operations:**
  - *Investment process:* coordinate, develop, and document best practices to integrate RSF's pipeline development, deal evaluation, and decision making across various teams and products.
  - *Competitive landscape analysis:* map the evolving marketplace around RSF to more clearly differentiate RSF and the context of each of our offerings.
  - *Asset Management:* contribute to the development of a version 3.0 of investment strategy for RSF's philanthropic client capital.

Longer term career opportunities exist with RSF Social Finance, with our portfolio organizations, clients, and partners whom you would have the opportunity to work with during the summer.

### **Ideal Candidate:**

Ideal candidates will have a minimum of 3-5 years of full-time work experience and are current MBA students. Other desired characteristics include:

- Proven commitment to social change through innovation, investment, and entrepreneurship through work with social enterprises as a funder, manager, or board member.
- Demonstrated analytical rigor, strategic thinking and operational experience as evidenced by management consulting, investment banking, corporate strategy, or direct investment work.
- Collaborative team player and creative thinker
